

Ashaf Atia Mostafa Khalil

Service Delivery & Operation Lead · Digital Transformation · FinTech Operations

Phone: +20 128 720 0535 | Email: eng.ashrf100@gmail.com | Egypt · Open to Saudi Arabia & GCC | [LinkedIn](#) | [Portfolio & Certificates](#)

10+ years delivering IT service management, digital transformation, and FinTech operations at national scale — overseeing government and banking systems serving 3M+ citizens with 100,000+ daily financial transactions across Egypt. Powered by expertise in data analysis and hands-on software engineering, bridging operational leadership with deep technical execution to ensure robust, scalable delivery.

PROFESSIONAL EXPERIENCE

Mobile Developer & Service Management Specialist

Jun 2025 – Present

Naseh — FinTech Investment Platform · naseh-invest.com · Full-time · Product Company · Remote · Egypt [\[Play Store\]](#) [\[App Store\]](#)

FinTech · Investment Funds · Banking Services · Service Delivery · Agile · Scrum · AI Integration · Paymob Payments · n8n Automation

- Mobile engineer and service delivery specialist on a product-based Egyptian FinTech platform serving retail investors across banks, investment funds, gold, foreign currency, and capital market instruments.
- Integrated **AI investment assistant** (Gemini/OpenAI) for personalized recommendations, implemented **Paymob** subscription billing, and automated daily currency rate fetching using **n8n** and AI.
- Acts as the FinTech service delivery bridge between the mobile team and external providers — Egyptian banks and investment fund institutions — ensuring product features align with financial service requirements.
- Full Agile sprint cycle ownership within a 10+ person cross-functional team; full Google Play and App Store release management and AWS Lightsail server administration.

Technical Support Supervisor

Jan 2020 – May 2025

Smart – Digital Services · egyptsmartcards.com · Cairo Smart Village · 11 Years total [\[11 Years Experience Certificate\]](#)

SLA Governance · Digital Transformation · IT Project Management · FinTech · Banking · PowerBI · Python Automation · Change Management

Service delivery lead for Egypt's national government digital transformation programs · **4,000+ active POS terminals** · **3M+ smart card holders** · **100,000+ daily financial transactions** · **3 governorates**

Egyptian Government Digital Transformation Programs Delivered:

Ministry of Supply — National Food Subsidy & Bread Distribution System (Tamoeen) · Ministry of Supply — Bread Exchange Points National Network · Ministry of Health — Baby Milk Smart Distribution Program · Ministry of Social Solidarity — Takaful & Karama Social Welfare & Pension Platform · Ministry of Petroleum — Gas Cylinder Subsidy Distribution System · Ministry of Health — National Health Insurance Digital Platform · Egypt Post — National Logistics & Postal Integration Program

- Led **IT service delivery and operations governance** across national FinTech systems — incident prioritization (P1–P4), SLA compliance enforcement, change request governance, and problem root-cause analysis for systems where downtime directly impacted citizen services and government subsidy distribution.
- Led **digital transformation project delivery** — coordinating with senior ministry officials, regional government directorates, and banking institutions on milestones, escalations, financial reconciliation, and change management approvals.
- Produced **PowerBI dashboards**, financial transaction reports, and KPI summaries for banking clients and government ministries; built Python automation scripts for data migration and reporting — reducing manual processing time by 80%+.
- Supervised **4 engineers across 3 governorates** — task allocation, performance management, field scheduling, and SLA reporting: Sharqia, Kafr El-Sheikh, El-Beheira.

Sr. E-Payment Solutions & Pre-Sales

Jan 2018 – Jan 2020

Damen e-Payment · egyptsmartcards.com · Egypt Smart Cards Company subsidiary · FinTech · On-site

e-Payment · FinTech · Project Lifecycle · Pre-Sales · SLA Compliance · Banking Partners

#1 Employee Certificate — All 24 Branches 2020 — highest national e-payment transaction volume driven by data analysis, SLA execution, and field leadership.

- Delivered end-to-end FinTech digital transformation — migrating 4,000+ legacy POS terminals to the Damen e-Payment national platform across 2 governorates, achieving **3,000,000+ transactions/month**.
- Owned the full project delivery lifecycle — pre-sales demos to ministry officials, merchant onboarding, SLA governance, banking partner coordination, financial reconciliation, and cross-functional team leadership.

- Acted as the FinTech service delivery bridge between Egypt Smart Cards, the Ministry of Supply, and regional banking networks — change requests, stakeholder management, and zero-downtime operations.

Technical Support Engineer

Smart – Digital Services · [egyptsmartcards.com](#)

Jul 2014 – Dec 2019

Progression: Junior Support Specialist → Senior Technical Support Engineer

- CCNA Certified · CEH Certified · MCSE Certified · Windows Server · Active Directory · LAN / WAN · Help Desk · Incident Management
- Deployed and administered full IT infrastructure for government branches — Windows Server, Active Directory, LAN/WAN, VPN, POS terminals, smart card systems. CCNA · CEH · MCSE applied daily.
 - Front-line IT service desk and incident management across 3 governorates — hardware, software, connectivity, and citizen smart card registrations with SLA-aligned escalation.
 - Progressed to Senior by taking ownership of pre-sales and additional government programs.
